

POLICY Requirements

This is our standard policy request spreadsheet that has been used many times inc the June release

All policies will have the standard base UMR with the suffix added for each policy

All policies are for 12 months

All policies must be fully paid I.e Not delinked

Xchanging to populate these fields for each policy when set up. Valid data must be used

Signing	
Currency	
Risk Code	
WPR	
YOA	

For ease I enclose a populated example from previous MAT
